

ZR Series

Next Generation Telescoping Long Reach Pruners

Drop Forged Blades

Slim design drop forged blades have greater durability and cutting leverage even under extremely tough conditions. Hard chrome plating for sap and rust resistance.

Swing Neck

New swing head system with hand adjustable bolt locks angle in place tightly during operation. New aluminum die-cast tilt neck for durability.

Single Operation Lever

The joint has been changed to a single pin to simplify the operation while maintaining the same strength of cutting power.
